

Integrating Science with other subjects: Multimodal teaching in the elementary classroom

with Dr. Leslie Bradbury and Dr. Rachel Wilson
on the campus of Appalachian State University

For full participation:
3 CEUs
Cost: FREE

Monday, July 15-Thursday, July 18
8:30-4:30
Friday, July 19 8:30-12pm

In this professional development workshop, elementary teachers will share in model activities that integrate science with mathematics, language arts, and social studies, discuss strategies for integration, and plan for their own integrated curriculum. Topics will address physical, life, and earth science.
