

# Upcoming Event

## Rockin' NC Educator Workshop

**Saturday, November 2, 9 am–3 pm**  
**Kaleideum North and Vulcan Quarry**  
400 W Hanes Mill Rd, Winston-Salem, NC 27105

**Vulcan**  
Materials Company

This **FREE** professional development opportunity is a collaboration between Appalachian Geological and Environmental Sciences, Vulcan Materials Company, and Kaleideum, with the goal of supporting earth science education in North Carolina. Workshop is geared specifically toward 4th grade educators. All activities align with 4th grade North Carolina Essential Standards. Participants will:

- Learn how to identify rocks and minerals of importance in the state including ideas for lessons.
- Receive a ready-to-go classroom kit for teaching about rocks and minerals of North Carolina.
- Tour the Vulcan Quarry in Winston-Salem and learn about field trip opportunities for students.
- Receive 0.6 CEU credits, lunch, and a \$50 stipend.

**Only 20 participant spots are available.**

To register for the workshop, visit [kaleideum.org](http://kaleideum.org).

If you have any questions, contact Sarah Evans at [sevans@kaleideum.org](mailto:sevans@kaleideum.org).
