

2019 Summer Workshops

“How to Guide Student STEM Research

Attention: Grades 3-12 Teachers & Administrators

Plan to attend a 1-day Student Research & Science Fair Workshop.

There is a \$15 registration fee, but all attendees receive a \$65 stipend for participation.

Participants will be asked to guide their students in conducting STEM research and shown how to implement a science and engineering fair for a class, grade-level or school during the 2019-2020 academic year

All participants will be asked to complete a survey spring 2020.

Register Here: <http://ncsciencefair.org/index.php/teachers/workshops>

June 24 – Appalachian State University	Boone
June 27 – UNC-Charlotte	Charlotte
August 5 – Meredith College	Raleigh
August 6 – Triad Math & Science Academy	Greensboro
August 7 – UNC-Wilmington	Wilmington

All workshops run from 8:30 am until 3:30 pm.

The following topics will be discussed during the workshop:

Learn how to foster and guide scientific and engineering research in the classroom.

Learn how to initiate, manage, and evaluate student science and engineering research projects.

You will be guided through the steps in planning a school or district science & engineering fair.

All materials supplied; 0.6 – 1.0 CEUs possible for completion of the workshop;
